

Moving Forward Together.

Dinner by the Bridge Update 2020 Sponsorship Opportunities

Considering the Covid-19 health crisis, we have made the difficult decision to forego gathering for this fall's Dinner by the Bridge. However, the Greenways for Nashville 14th Annual Dinner by the Bridge will continue to be an opportunity to raise awareness and critical funding as we lead the charge to preserve open space and expand the network of greenways across Nashville and Davidson County.

With nearly 100 miles of greenways throughout the county and more on the way, we need your help now more than ever to maintain momentum. While we are unable to host the dinner this year, your sponsor level is an investment in Greenways for Nashville's commitment to a future where all neighborhoods in Davidson County experience the healing, transformative power of nature through equitable access to greenways.

Please join us in ***Moving Forward Together*** and in celebrating community connections on Nashville's greenways.

Recognition in e-newsletter and our annual Greenprint newsletter	✓	✓
Recognition in local publications such as Nfocus Magazine	✓	✓

About Greenways for Nashville

Greenways for Nashville is a 501(c)3 non-profit organization founded in 1994 with the mission to create, preserve, and promote a system of greenways in Nashville and Davidson County. In partnership with Metro Parks Greenways Division and the Greenways and Open Space Commission, Greenways for Nashville works to leverage public and private funds to build trails and enhancements and preserve land.

To date, Greenways for Nashville has assisted in developing a significant trail footprint of nearly 100 miles, including the protection of over 2,700 acres of floodplain land and the addition of over 7,000 acres of park land through Metro Parks. In addition to fundraising, we educate citizens about Nashville's greenways and provide opportunities for community involvement.
